☞ Mr. L. Laborne is the Agent for the Tribune along the line of the Chicago and Rock Island Railroad.

Northern Route to the Pacific.

It is stated that the reconnoisance of a northern route for the Pacific Railroad, has been confided to Maj. Stevens, and that he is organizing an efficient company, numbering forty to fifty, and embracing eminent scientific gentlemen and engineers for that purpose. He designs starting from St. Pauls, Minnesota, and proceeding by the most direct, practical route towards Puget's Sound. George B. McLellan, Brevet Captain Corps of Engineers, is to be ordered to proceed direct, by way of the Isthmus, to Puget's Sound, where he will organize another company, and come homeward so as to meet Stevens in the Rocky Mountains, and there exchange the information they may have severally acquired in their respective explorations. Stevens will then proceed to Puget's Sound, where he designs to establish the seat of government of the new territory of Washington, of which we have already announced his appointment as Governor, and McLellan will return to Washington city, and make his report. If nothing untoward happens, he may be expected to arrive there about the time Stevens reaches the seat of the new Government, say in October.

California News.

By the arrival of the *Illinois* on Sunday, we get further news from California.

A number of new and very rich diggings have recently been discovered near Nevada, and also in the neighborhood of Coloma.

The mail by the Golden Gate, which left San Francisco on the 16th ult., was the largest ever made up for the Atlantic. It contained one hundred and fifty thousand letters and thirty-five thousand newspapers.

The Chinese in California numbered 55,000.

It appears by the 5th annual report of the Superintendent of Public Schools for California, that there were 2,341 children and youths between the ages of four and fourteen in the city of San Francisco.

Miss Hayes gave her last subscription concert in San Francisco on the 12th ult.

Miska Hauser, the violinist, is performing in the interior.

It is extremely doubtful whether a State Miners' Convention will be convened by order of the Legislature. In the Assembly, the Committee on mines and mining interests are opposed to such a convention, and will report adversely thereto.

Of the destruction of the town of Weaverville, the *Shasta Courier* says:

The fire broke out about two o'clock yesterday afternoon in the American House, and spread up and down the same side with the rapidity of thought. From the Magnolia Saloon it crossed over to the building immediately opposite, and thence swept up both sides of that entire street as far up as the Spanish Corral, a house of ill fame. In the opposite direction to this from the American House, and upon the same side of the street only, it consumed every building to the Diana Saloon. Thus, in a few hours, has another of the most flourishing of our mining towns been almost consumed by fire.

From Oregon our accounts are to the 7th inst. Gen. Lane, present Governor of that territory, is the democratic candidate for Congress. The small pox was raging fearfully among the Indians in Oregon and about Cape Flattery.

The steamer New Orleans, Capt. Wakeman, left San Francisco on the 11th ult. for Australia.

Milk, Milk.

To the Editors of the Chicago Daily Tribune:

In your paper of the 9th inst., is an article on the subject of milk, from Mr. Harrison, accompanied by some remarks of your own. The immediate cause of that article was a paragraph in the recent report of our former City Physician. With that report I have nothing to do, since he is abundantly able to defend it himself, if he deems any defence necessary.

But there are one or two items in the article of Mr. Harrison, endorsed as they are by you, which are well calculated to mislead the public, and are therefore justly deserving of comment. An abundant supply of pure and good milk, is an object of the very highest importance, especially in regard to the lives and health of the children of this city. During infancy and early childhood, it is the chief article of nourishment designed by nature for the development of the body; and in all cities there are but few more prolific causes of disease and death among children, than the defectiveness, either in quantity or quality, of the milk on which they are fed. This remark is true, not merely in relation to the milk of the cow, but equally also to that of the mother. It is well ascertained that the quality as well as the quantity of milk, is directly and strongly influenced by the food, the exercise, and the mental condition of the animal from which it is obtained. Hence, as was very properly remarked by the former City physician, our citizens cannot be too careful or vigilant in selecting their milk. But from the remarks of Mr. Harrison and the editor, we should be led to infer, that, if a cow was only stabled and fat, both herself and her milk must therefore be healthy and good. And this *stabling* and *fatness* are particularly impressed on the mind of the reader, not only as evidence of the healthiness of the milk, but also, as a great advantage over the poor, unsheltered cows of the farmer in the country. The manner in which this claim is set forth, if not deliberately intended to deceive, is, to say the least, very unsatisfactory. That cows and all other cattle in northern latitudes should be stabled or sheltered during the cold season, just as much as is consistent with sufficient daily exercise and ventilation, is a truth that no intelligent man will dispute. But is this the way that Mr. H. and the other milk men around Chicago keep their cows? Do they simply shelter and feed their cows in good stables, and allow them to go out an hour or two each day for necessary exercise, air, and water? If so then they do right, and the cows and public should both be thankful for their humanity. But if they, as is alleged, shut up their cows in narrow stalls, with their heads over a trough of *still slop*, and compel them to remain there without one hour of exercise or liberation from early autumn to spring, (more than six months) then however fat or full the cows may be, they are neither *healthy* nor capable of giving *healthy milk*.

That cows kept in such a way will look full and plump, and except their thin or falling hair and long hoofs, will look healthy is very true. And so will a turkey that is shut up in a close and dark room, and stuffed. Hence the reader will see very readily, that the question at issue is not, as Mr. Harrison seems to suppose to present it, whether cows properly stabled and fed are preferable to those allowed to roam over the prairie unprotected and half starved, but simply whether our milk men so stable and feed their cows as to present a good and wholesome quality of milk. A question to which every citizen has a legitimate right to require a candid answer. One thing more and I am done for the present. Mr. Harrison acknowledges that he feeds his cows to some extent on "*still-slop*." Now if there is one fact well established in this world, it is that milk derived from cows fed on "still-slop," is impaired in its quality, and less wholesome for food than other milk. It is well known that a cow tied up in a close stall, and fed warm still-slop, will speedily grow fat and fat, and give an abundance of milk. But the cow is short lived, and however fair the milk may look and taste, its nutritive constituents, consisting of the milk globules and caseine, are positively imperfect, and consequently more or less unwholesome. Mr. Harrison well says that "*nature is in harmony with herself.*" But nature did not make the cow a *hybernating* animal; and hence never designed that she should be unremittingly confined to a space scarcely six feet square, and fed on still-slop for more than half of the year. I should just as soon expect to find pure blood in the bloated loafer, who lounges about the saloons guzzling beer, as to get wholesome milk from cows thus treated. I make these remarks, not because I have the slightest personal interest in any milk establishment, either in the city or country. And least of all have I anything personally against Mr. Harrison; on the contrary I have frequently heard him spoken of as furnishing very good milk. But I have alluded to the subject solely on account of its intrinsic importance, and the ignorance which is too prevalent in relation to it.

N. S. D.

Council Proceedings.

Regular Meeting, April 11, 1853.

Council met—Present—His Honor the Mayor, and Ald. Williams, Milliken, Evans, Gray, McDonnell, Kennedy, Scoville, Dwyer, Carpenter, E. Taylor, O'Neil Brown, Kenzie, and Mitchel.

The minutes of the proceedings of the last meeting was read and approved.

Presentation of Petitions, Communications, &c.

Petition of Mr. McDonald and others, representing that in their opinion it is better for the health of the city for hogs to run at large, first having three double rings put in each hogs nose, than that they should be confined in small yards in the city. Refered to the Committee on finance.

Communication from Lawrence Deyoe, Harbor Master, stating that the river between Lake street and Randolph street Bridges is too narrow for the business at that point, and that there is a temporary Dock West side of Bristol's warehouse occupying 10 to 15 feet of ground belonging to the city. Also, that Docks between Randolph and Madison streets is in a similar condition. That much room would be obtained by removing Docks to their proper limits, and

Petition of Ogden, Jones & Co., and others, for the erection of a Bridge over the South Branch of the Chicago River at Twelfth street stating the necessity for such a Bridge, and that it would be built and erected without expense to the city, were all refered to Committee on Harbor and Bridges.

Sundry Petitions of citizens of the West Division for the Council not to grant to any one, permission to occupy the grounds in W. D. Fire Limits for lumber-yards; communication of U. P. Harris, Chief Engineer, recommending the construction of two brick engine houses—one on La Salle street, to be occupied by Engine Co No. Four, Hook and Ladder Co. No. One, and Hope Hose Co. No. Two—the other lots corner of Washington and Clinton streets, to be occupied by Engine Co. No. Five, Lone Star Hose Co. No. Three, and a Hook and Ladder truck—the old wooden houses to be sold; that a set of ladders be ordered for Truck No. one; and petitions of members of Engine Cos. Nos. One and Three for an alarm bell of not less than 8,000 lbs., to be placed upon the Court House—were all refered to Committee on Fire and Water.

Proposition of Sheldon & Turner to whitewash cemetery fence, and communication of the trustees of Plymouth Congregational Church, to ascertain whether the Pastor of said Church is entitled to a lot in the cemetery in accordance with existing ordinance, and petitioning, if such is not the case, to extend to him the like privileges as granted to other clergymen—were all refered to Committee on Wharfs and Public grounds.

Petition of Leopold Frinsbaben for license to peddle, was refered to Committee on licenses.

Petition of S. F. Sutherland and others for a sidewalk on the south side of Jackson street between Market and Wells streets, and on the west side of Franklin street between Jackson and Van Buren streets—

Petition of J. H. Ladd and others for a new sidewalk the west side of Wells street between Randolph and Madison streets—

Petition of E. Ewing and others for a sidewalk on the south side of Prairie street between Sangamon and Morgan streets—

Petition of B. S. Morris for himself and others, asking for the construction of a sidewalk on the north side of Madison street between State street and the Lake, before the new one on the opposite side, as ordered, is constructed, and that the one ordered on the south side be not laid down before the fall or winter season—

And petition of George Manierre and others for the planking of Dearborn street between Washington and Madison streets; were all referred to Committee on Streets and Alleys, South Division.

Petition of Chicago Union Rail Road Company for an ordinance, allowing them to place a sewer along the north side of New North Water Street, and otherwise improve that portion of said street laying north of the tracks through the same for public use by grading or ultimately planking—the work to be done under the general superintendance of the City Superintendent.

Petition of M. M. Gerdey and others for a sidewalk on Green street between Hubbard and Owen streets. And

Petition of John Crighton and others for a sidewalk on the east side of Pine street from Ohio street to Kinzie street. Were all referred to Committee on Streets and Alleys, North Division.

Petition of the Southwestern Plank Road Company praying that inasmuch as that part in Section 16 is worn out, and the citizens of Chicago having enjoyed the free use of it, that the said Company be paid by assessment upon property deemed benefitted for one-half the cost of re-planking.

Petition of Daniel Richards and others for a sidewalk on the west side of Morgan street between Lake and Fourth streets. And

Petition of James Clifford and others, asking that assessment for construction of sewer on the north side of Randolph street between Desplains and Halsted streets be set aside, and that another assessment be ordered that will bear equally upon the property on both sides of said street. Were all referred to Committee on Streets and Alleys, West Division.

Petition of Byrd Parker and John A. Warner in behalf of the African M. E. Church for the use of the State Street Market Hall on the evenings of the 19th and 20th of April, for the holding of a fair for the benefit of the church, was referred to Committee on Markets, with power to act.

Mr. Corregan presented a receipt for payment on assessment for the construction of a sewer on the west side of Wabash Avenue, amounting to $14.26, and petitioning for the refunding of the same. Referred to Committee on Local Assessments.

Petition of Chas. Tracy and others for the grading of Rio Grande Street from the lake shore to the west line of the city as laid out and opened by the Commissioners of Highways for the town of South Chicago, and that the sum of $120, as estimated by the City Superintendent, be assessed upon the property deemed benefitted by said grading; which was granted.

Communication of R. S. Wilson, Recorder of the Recorder's Court stating that it will not be necessary to hold the May Term of said Court for this year, and therefore suggesting that the Council abolish said May term of Court for the present year, in pursuance of the 12th section of the act establishing the said Recorder's Court.

Motion by Ald. Milliken to abolish the May term of the Recorder's Court for this present year, was carried.

Petition of William J. Avery and others for the appointment of John Kennedy Forsyth to the office of Lumber Inspector, was granted.

Petition of F. A. Bragg for the refunding of sundry Tax Certificates held by him on lands in the south-west ¼ of Sec. 8, T. 39, N. R. 14 east, amounting to $5.02, there having been no assessment upon the premises described in said certificates, was referred to Mayor and Clerk with power to act.

Reports of Officers.

Report of the City Treasurer for the week ending April the 11th, showing a balance of $16,201.46 remaining in the Treasury at that date. Ordered to be placed on file.

Report of the City Collector, under date of April 11, 1853, shows the sum of $1,243.61 collected, with Treasurer's receipt and bill for commission of $24.87. Report accepted and bill ordered to be paid.

The City Collector made return of sundry Tax Certificates of sale to the city for the municipal year, 1852. Which was referred to Committee on Judiciary.

Report of the City Marshall for the month ending April 11th, 1853 shows collections to the amount of $5,585, together with Treasurer's receipts for the same, also Treasurer's receipts of $300 for grocery licenses collected, and bill for commissions amounting to $223.40. Report accepted and bill ordered to be paid.

Report of A. Moon, J. P., showing amount of collections in City Fines and Prosecutions, together with Treasurer's receipt of $16, to April 8, 1853. Referred to Committee on Judiciary.

Report of the Bridewell Keeper for the month of March, together with bills for board of Convicts of $62.72. Referred to Committee on Police.

The Mayor and Clerk presented their report on bills audited by them as follows, which was concurred in.

BILLS PAID.

[illegible]

BILLS REFERRED TO COMMITTEES.

G. W. Jennings	[illegible]	To Com. on Markets	
[illegible]	[illegible]	"	Claims.
[illegible]	[illegible]	"	Fire & Water.
[illegible]	[illegible]	"	Wharves and Public Grounds.

On motion of Ald Dwyer the Council entered upon the Special order of business for this meeting, the same being the consideration of "an ordinance in relation to the Chicago, St. Charles and Mississippi Air Line Railroad," as published in last Council Proceedings.

Motion by Ald. Williams that Sections be read and passed upon separately was carried.

Sec. 1. was read as follows:

ORDINANCE.

In relation to the Chicago, St. Charles and Mississippi Air Line Railroad.

Be it ordained by the Common Council of the City of Chicago:

SEC. 1. [illegible]

Ald. Williams called for the ayes and nays, upon passage of the section.

Ayes—Williams, Milliken, Evans, Gray, McDonnell, Kennedy, Scoville, Dwyer, Carpenter, E. Taylor, O'Neil, Brown, Kinzie and Mitchel—14. Nays none.

Section 2 was read as follows:

SEC. 2. [illegible]

Upon which Ald. Dwyer moved as an amendment, to be inserted before "Provided" and after "turn-outs," the following: "For the period of three years; Provided that said Company will enter into a contract with the city of Chicago to vacate said streets of their railroad track or tracks at the expiration of that term and place the streets so vacated in good order for ordinary travel, subject to the approval of the Street Commissioners and Aldermen of the West Division.

Ald. Williams called for the ayes and nays upon the amendment.

Ayes— Milliken, Evans, McDonnell, Kennedy, Scoville, Dwyer, Carpenter, O'Neil, Brown, Kinzie, and Mitchel—11.

Nays—Williams, Gray, and Taylor—3

Carried.

Motion by Ald McDonnell to lay the subject on the table, was lost.

Ald. Williams called for the ayes and nays upon the passage of Section 2 as amended.

Ayes—Milliken, Evans, Kennedy, Scoville, Dwyer, E. Taylor, O'Neil, Brown, Kinzie and Mitchel—10.

Nays—Williams, Gray, McDonnell, Carpenter—4.

Section 3 was read, as follows:

SEC. 3. [illegible]

The section was carried.

Section 4 was read as follows:

SEC. 4. [illegible]

The Section was carried.

Ald. Dwyer moved for the passage of the whole as amended, which was carried.

On motion of Ald. Brown, the Council proceeded upon the regular business of the meeting.

Reports of Committees.

Ald. Kinzie of Committee on Finance to whom was referred the report of the City Collector of March 28th, 1853, shows $4,203.04 collected and Treasurer's receipt for same with bill of commission amounting to $84.06.

Also Report of City Treasurer for the month ending March 31, 1853, showing balance in Treasury of $15,619.57, by report recommended the reports be placed on file and bill of commission of $84.06 be paid. Report accepted and concurred in.

Ald. McDonnell of Committee on Claims by report recommended the payment of bills as follows:

S. P. Swanson, $8.25; H. W. Zimmerman, $10.63; Boyden & Willard, $40.00; Thompson & Alston, $10.75. Report accepted and concurred in.

Ald. Scoville of Committee on Fire and Water, to whom was referred communication of Engine Co. No. 7, report that the Engine having been repaired, the Company now seem satisfied to wait patiently for a new Engine until their turn comes, and that the Company are therefore allowed to withdraw their communication. Report accepted and concurred in.

Also of same Committee to whom was referred petition of Sheppard, Sheriffs & Smith, asking permission to use their grounds in the carrying on of their lumber business in the fire limits of the West Division. Reported adverse to the granting the prayer of the petitioners. Therefore Ald. Dwyer moved to recommit to the Committee, to be reported on again at the next meeting, which was carried.

Ald. Evans, of Committee on Schools, by report recommended the payment of bill of Lake & Brown of $23.38, and of Thomas George of $22.59, and asked for the passage of the following ordinance:

Ordered, That the City Clerk furnish to the several Trustees of the Public Schools, a certified copy of the 15th Section of Ordinance in force "in relation to public Schools." The report was accepted and ordered passed.

Also of same Committee, recommended the pay of bill of $25 for assessment on Lot 10, Block 113, School Section Addition, the same being School Lot. Report accepted and concurred in.

Also of same Committee, to whom was referred communication of W. H. Brown, Esq., late School Agent, recommending the sale of sundry tracts of lands belonging to the School Fund.—Reported that in the opinion of the Committee it would not be good policy to dispose of any lands belonging to the School Fund that lie in the visinity of the city at the present time. Report accepted and concurred in.

Ald. Brown of Committee on Judiciary, to whom was referred the following Warrants partially collected.

Grading Wabash Avenue, from 12th to south bounds of the city; opening Alleys from Van Buren street to Harrison street; grading Buffalo street and laying down five sewers at cross streets; extending Indiana Avenue to the south line of fourth street; extending Prairie Avenue; opening an alley twelve feet wide, running north and south upon the line dividing block 123 and 124, from 137 and 138, School Section Addition; opening an alley through block 99 School Section Addition; re-planking State street, from south line of School Section Addition to the south line of the city; planking Alley through block 6 Wolcott's Addition: warrants No. 26 and 27 and for divers side walks.

Reported that orders of sale issue to collect the several amounts unpaid on said warrants.—Report accepted and concurred in.

Also from the same Committee to whom was referred the Monthly Reports of H. L. Rucker, Police Justice, for the month of February with Treasurer's receipt for $46; and F. A. Howe's report for the months of February and March with Treasurer's receipt for $70.61. Reported the same to be correct, and recommend they be approved and placed on file and bills be allowed. Report accepted and concurred in.

Also, of same Committee to whom was referred the communication of Justice Rucker with accompanying receipts for payment of fees to officers and witnesses received by him in city cases during the last municipal year, amounting to $371.01—would respectfully report.

That in the opinion of your committee, the order requiring Justices to report to the Council the amount of fees collected and paid by them to officers and witnesses in city cases is unnecessary and burthensome. The city has no claim for such fees, whether they are ever called for or not. The Justices are the proper officers to receive and disburse the same. They keep regular accounts in their books, are always responsible, and to them parties, officers and witnesses look, even years after suits may be terminated. It would be almost impossible to keep a correct account of such fees if paid into the City Treasury. Your committee would therefore recommend that the order requiring such reports from the Police Justices be rescinded, and the receipts accompanying said communication be returned to the Justice for safe keeping. Report accepted and concurred in.

Also from same Committee, recommended the payment of Owen McCarthy's bill of $6. Report accepted and concurred in.

Also from same Committee to whom was referred bill of L. Nichols of $24.64 for fees rendered as Police Constable, as certified to from the docket of S. J. Lowe, Police Justice, report that said fees were received by said Justice, during his life time, who was legally authorized to receive and hold the same until called for by said petitioner; that the estate of said Justice, or the sureties on his bail bond, are responsible for said fees, and not the city. The Committee would therefore recommend that petitioner be allowed to withdraw his bill. Report accepted and concurred in.

Ald. Brown also presented the following:

AN ORDINANCE.

Prescribing the Duties of Clerk and Collector in relation to the return of Real Estate purchased by the City for Taxes or Assessments.

Be it ordained by the Common Council of the City of Chicago:

SEC. 1. [illegible]

Upon motion the same was ordered to be published, and acted upon at the next meeting of Council.

Ald. Kennedy of committe on Wharves and Public Grounds, to whom had been referred the report of City Clerk on Cemetery Deeds issued by him during the month of March, 1853, also report of City Sexton on Cemetery Lots sold in the month of March, 1853, reported the same to be correct, and recommended they be placed on file. Report accepted and concurred in.

Also of same committee, recommended payment of bill of assessment of $227.50, made by Cook County Drainage Commissioners upon Cemetery Lands. Report accepted and concurred in.

Ald. Brown was excused and retired.

Ald. Kennedy of committee on Licenses, to whom was re-committed the petition of sundry draymen, and the report of committee thereon, by report recommended the passage of the following:

AN ORDINANCE Amendatory of Chapter XVIII, of the Revised Ordinances concerning Hackney Coaches, Cabs and Drays.

Be it ordained by the Common Council of the City of Chicago:

SEC. 1. [illegible]

Report accepted and ordinance passed.

Ald. Gray, of committee on Streets and Alleys South Division, to whom was referred the petition of Joseph Peacock and others, for a Sewer on Franklin street, reported in favor of granting the prayer of petitioners, and offered the following order in relation thereto:

Ordered, That a sewer be constructed through Franklin street from the terminus of the present sewer on said street at Randolph, to sixteen feet south of the north line of Madison street, of the following dimensions: Bottom plank three inches thick and fifteen inches wide, with ten inch pine plank nailed on upper side and over the center; side three inch oak plank and three feet long set on end, with lower end resting on said bottom plank; top three inches oak plank and thirty inches wide, and resting on 1 ease every five feet, with two receiving basins four-by-four feet and five feet deep, with stench traps and dirt catchers.

Ordered, That the sum of eleven hundred and fourteen dollars be assessed on the Real Estate of the South Division of the City of Chicago deemed benefitted by the sewerage of Franklin street, from Randolph to Madison Street, in proportion to the benefits resulting thereto, as near as may be.

Ordered, That the Council do now proceed to the election of three reputable freeholders of the city of Chicago, to make the assessment contemplated in the foregoing orders.

The report was accepted and orders passed; and thereupon the Council proceeded to the election of Commissioners thereunder—McDonnell and Kennedy, tellers. On first ballot, H. W. Clark, C. V. Dyer and J. B. Wier, received each a majority of votes as required by law, and were declared duly elected.

Ald. Taylor of Committee on Streets and Alleys, North Division, to whom was referred the petition of W. L. Newberry, and others for side walks, by report recommended the passage of the following order:

Ordered, That a side walk be constructed on the North side of Ontario street from Clark to Wells street, six feet wide, laid on good and sufficient bearings of not less than 3 by 4 inch oak scantling, let into the earth or the earth filled in between so as to form an even grade. And that the City Clerk and Street Commissioner of the North Division give the proper legal notice for the construction of the same. Report accepted and order passed.

Ald. Dwyer of Committee on Markets, to whom was referred the report of the North Division Market Clerk under date of March 31, 1853, with Treasurer's receipt for $20, reported the same to be correct, and recommended its acceptance. Report accepted and concurred in.

Also of same Committee, recommend the payment of bill of I. N. Arnold of $2.75, and W. Mitzer for 74 cents. Report accepted and concurred in.

MISCELLANEOUS BUSINESS.

Ald. Dwyer presented a communication from the South Division Market Clerk, stating that the occupants of Markets in South Division have paid their rents, except that of stall No. 6, State street, who is absent.

Upon motion of Ald. Dwyer stall No. 6, State Street Market, was declared to be forfeited.

By Ald. Williams—

Ordered, That Rio Grand street (or place) be graded from the Lake shore to the west line of the city, and that the sum of one hundred and twenty dollars be assessed upon the real estate in the South and West Divisions of the city benefitted thereby, to defray the expenses of such improvement.

Ordered, That the Common Council do now proceed to elect by ballot three reputable freeholders, residing in the city, to make said assessment.

The Orders were passed. Upon which the Council proceeded to election of Commissioners thereunder—McDonnell and Kennedy tellers.—On first ballot S. L. Otis and James Long received each 13 votes and were declared duly elected. On second ballot A. M. Tally received 13 votes, and was declared duly elected.

By Ald. Kinzie—

Ordered, That the Illinois Central Railroad Company have permission, in accordance with the provisions of Section 13, of "An Ordinance concerning the Illinois Central Railroad," approved June 14, 1852, to use and occupy the Lake Park, or public ground, in Section fifteen, for the purpose of conveying materials across the same, for the construction of their works in Lake Michigan, as provided in said Ordinance; such occupancy to be temporary and for that purpose only, and said Company being responsible for any damage done to the property of the city, or of individuals.

On motion by Ald. Dwyer the same was referred to the Mayor and Committee on Wharves and Public Grounds, with power to act.

By Ald. Mitchel—

Ordered, That the following amount opposite their respective names be paid to the Bridge Tenders and Ferrymen on account.

Ed. Hurson,	Clark Street Bridge		50,00
T. Lewis,	Wells,	"	50,00
F. McLoughlin,	Lake,	"	50,00
Pat Corbitt,	Randolph	"	50,00
Owen Keefe,	Madison,	"	50,00
J. Murphy,	Van Buren,	"	40,00
J. O'Leary,	Kinzie,	"	40,00
J. Brown,	Chi. Avenue,	"	10,00
T. Gallaghan,	L. H. Ferry,	"	40,00

The Order was passed.

By Ald. Mitchel—

Ordered, That the Committee on Wharfing Privileges be authorized to employ the City Surveyor to designate and establish a water line on the north and south branches of the Chicago River, that shall be permanent, and one that will enable residents and others owning or occupying property on the river, to build their docks and wharves without being subjected as has been often the case to heavy expenses in removing their wharves, after the establishment of a water line by the Council. The order was passed.

By Ald. Mitchel—

Ordered, That this Council do now proceed to elect a Pound Master for the North Division, which was passed, and thereupon the Council proceeded to election, Ald. McDonnell and Kennedy Tellers.

On first ballot P. Higgins received 13 votes, and was declared duly elected to the office of Pound Master for the North Division.

By Ald. Evans:

Ordered, That the committee to whom the application of the Illinois Central Railroad Company to occupy Lake Park was referred, be instructed to prohibit said Company from laying down any railroad track on said grounds.

Ald. Milliken moved to lay the order on the table.

Ald. Evans called for the ayes and nays.

Ayes—Alds. Williams, Milliken, E. Taylor, Kinzie, Mitchell—5.

Nays—Alds.—Evans, Gray, McDonnell, Kennedy, Scoville, Dwyer, Carpenter, O'Neil—8.

Ald. Williams moved to refer to committee on Wharves and Public Grounds; which was lost.

Ald. Evans called for the ayes and nays upon the passage of the order.

Ayes—Ald Evans, Gray, McDonnell, Kennedy, Scoville, Dwyer, Carpenter, O'Neil—8.

Nays—Ald Williams, Milliken, E Taylor, Kinzie, Mitchell—5. Carried.

By Ald McDonnell:

Resolved, That no railroad company shall ever obtain the right of way on any street or public ground, within the city, to lay down a track or tracks, on which to run their cars, without the consent of the owner or owners of property fronting on such street; said streets being deemed an appurtenance to the property adjoining, and that the jurisdiction of the Common Council over said streets consists not in transferring them to any third party, but in keeping them open and unobstructed as public thoroughfares for the free use of the public forever.

Which was laid on the table.

By Ald Milliken:

Ordered, That the judgment obtained against Edward Hoger and John Congreve, for peddling without license, be remitted, upon their paying all costs of prosecution.

The ayes and nays resulted as follows:

Ayes—Williams, Milliken, Evans, Gray, McDonnell, Kennedy, Scoville, Dwyer Carpenter, E. Taylor, O'Neil, Kinzie, Mitchell—13.

Nays—None.

By Ald Gray,

Ordered, That the orders passed April, 1853, for sewers and planking alley in blocks 117 and 96, be rescinded, that new orders in relation thereto may be passed—which was passed.

By Ald Gray:

Ordered, That so much of an order passed March 28, 1853, as relates to building a sidewalk on the West side of Wells street, between Taylor and Harrison streets, be rescinded—which was passed.

By Ald Williams:

Ordered, That the order passed April 4th, 1853, for grading prairie Avenue, be and the same is hereby rescinded—which was passed.

By Ald Kennedy:

Ordered, That the order granting license to W. Tracy be rescinded—which was passed.

Ald Mitchell moved that the petition of C. R. Phillips, asking for exclusive right of way for railroad track in the South Division, as laid on the table Feb. 28, 1853, be referred to a special committee, which was carried.

And thereupon the Chair appointed Alds. Mitchell, Milliken and Scoville such committee.

By Ald Milliken:

Ordered, That the Committee on Judiciary, together with the Mayor, be authorized to settle with the late City Physician upon such terms as in their opinion will be in accordance with justice and the interests of the city, which was passed.

Ald. Milliken presented the following ordinance, which was passed:

AN ORDINANCE concerning Licenses.

Be it ordained by the Common Council of the City of Chicago:

The Mayor shall be entitled to a fee of one dollar on each and every case where a bond is required to be approved by the Mayor for licenses under the City Ordinances, to be paid by the parties obtaining the License.

Ald. Scoville moved that the Council in future meet at 7 o'clock on Monday evening, for the early transaction of business.

Ald. Mitchel amended to meet Friday evenings, which was lost.

And the Council adjourned.

H. W. ZIMMERMAN, Clerk.

☞ At a meeting of the members of St. George's Society, of Illinois, on Monday, the 1st inst., the following gentlemen were elected officers of the society for the ensuing year:

DAILY TRIBUNE.

CHICAGO, THURSDAY, APRIL 14, 1853.

JOB PRINTING.

We would remind our friends, and the public, that we are ready to do all kinds of JOB PRINTING at a short notice. Our material is entirely new, and embraces the best styles of type.

Orders left at the Counting Room, on the ground floor, next door to the Post Office, will be promptly attended to.

The *Tribune* will regularly publish all Common Council Proceedings, as prepared by the City Clerk, together with such abstracts of the City Advertisements and all Official Notices as shall render it equally satisfactory to the Public with the Official Paper, as respects all the Ordinances, Notices, Decrees, and Doings of the City Government.

For Corporation Notices see eighth column, third page.

Milk.

We cheerfully insert an article to-day from the pen of Dr. Davis. All have an interest in finding out the facts in the case. We visited Mr. Harrison's dairy, and, as we before stated, his cows were to all appearances in a very healthy condition, judging, it is true, from outward appearances, not being able to enter into any dissecting operations. They were fat, sleek, clean, their eyes full and lively, they had a full share of hair, and the dozen we saw let out into the yard, showed much sprightliness and vigor. The calves also had every appearance of health, and these facts with the sweetness and richness of the milk, led us naturally to conclude that the mode of treatment on the part of their owner was, in the main at least, not only proper, but generous, which certainly would be for his as well as their interest. What a chemical analysis of the milk would show, we cannot tell. Dr. Davis says that the use of still slop is of necessity injurious, and here is an important point, for Mr. H. frankly says that he does use this article in small quantities, but at the same time contends that so used it is not unhealthy.

Will Dr. Davis state precisely what still-slop is, and how it is poisonous, or unhealthful; what amount of nutriment and what amount of alcohol, also of gluten, saccharine matter, &c., is left in the grain, after the extraction of the beer? The same process of fermentation cannot of course be injurious, for the making of every batch of light bread involves the process.

We are ready for all *facts* of experience and science that relate to this matter, and ... some of our chemists analyze the milk ... to our doors?

☞ The Tremont changes hands this morning. The Messrs. Gage, to whom it is leased for ten years, are men of fine appearance and gentlemanly deportment, and they bring with them from Boston the warm respect and best wishes of the travelling community of the East. No city offers greater inducements for hotel keepers than Chicago, and with their advantages for keeping a No. 1 house, we anticipate for them an abundance of custom, and what is better, the realization of a fortune.

☞ The Young Men's Christian Association have rented the hall known as Harmony Hall, over the Bank of Chicago. It is a large and spacious room, capable of seating four hundred persons, well lighted and ventilated. A light movable partition divides off one end, giving a room in front 34 by 27, which has been handsomely carpeted, and furnished with two chandeliers, tables, arm chairs, &c. The leading Religious and Secular papers will be found there as soon as arrangements can be made to obtain them. It has been the endeavor of the managers to prepare a room that will be attractive, and a pleasant place of resort for young men.— It will be opened this evening. Members, ladies, and all others interested are invited to visit it.

NEW MAIL ARRANGEMENT.—The through Eastern Mail *via* Toledo, will hereafter close at 7½ P. M., until further notice.

☞ Several vessels arrived from across the lake yesterday, and a small fleet is on the way. The wind blew a gale from the North, but we heard of no accidents in making the harbor.— Several vessels are reported ashore, and among them we regret to see the name of the Arrow, a new and superior schooner. The Challenge, that was towed in by the Arctic on Monday, is on the dry dock, and is found to be injured about her centre-board, but not very materially. The mate, who was on watch at the time she stranded, has been discharged.

THE GOLDEN GATE.—This steamer will be ready for her regular trips next week.

The new and excellent steamer Garden City will soon be here. These will run in connection with the Michigan Southern.

THE TRAVELLER.—On her way from Milwaukee on Tuesday, the Traveller broke one of her pumping rods, and was obliged to lie over yesterday. She was to leave at evening, but owing to the wind and storm she did not go out. The Arctic did not arrive yesterday.

☞ We are happy to refer our business men to the advertisement of Messrs. Mott & Murray, Attorneys and Counsellors at Law, at N. York. Mr. Murray has been long known to us as a friend, and his excellent references are a sufficient introduction in his professional relations.

A CASE FOR THE CITY FATHERS.—Yesterday a crowd of boys were seen chasing a poor bird from tree to tree, and pelting it unmercifully with stones, along Lasalle and Washington sts. This cruel custom is common, and increasing in our city. Cannot our newly appointed police prevent its further development.

STATE GUESTS.—During the session of the Recorder's court, which closed Monday evening, the hospitalities of the State were tendered by Judge Wilson to four worthies, which they have concluded to accept, although attended with great personal inconvenience. They will no doubt be much edified with the conversation of the members of the Alton confraternity.

ALARM OF FIRE AND ACCIDENT.—The alarm of fire yesterday afternoon was occasioned by the firing of a chimney on Wells street, a little south of the Baltic House. When the Hook & Ladder Company were returning, they accidentally ran over a little boy at the corner of La Salle and Washington streets, and severely fractured one leg and otherwise injured his body. The Foreman at once took charge of the boy and saw him properly attended to.

FRANTZ AND CAMPBELL.—These thieves, burglars and incendiaries, have of late become well known to several of our citizens, and but for their timely arrest by Mr. Bradley, they would have become still more notorious. As it was, their intention was to rob and fire other dwellings, of our most wealthy men. At one house on Wabash Avenue, these skilful performers drove up in a buggy in broad day light, one went in, walked up stairs, and took the jewelry from a ladies bureau, and made his escape, two of the family being at the same time in the parlor, and one playing on the Piano—the Rogue's March, for aught we know. At another house one went in by daylight, and robbed a ladies drawer, while the lady was in the room making her toilet.

Campbell is sentenced to the penitentiary for two years and a half, and Frantz, after having served out the eleven months due on an old account, and several other indictments hang over each, to meet them on the expiration of their present terms.

M'LANE'S WORM SPECIFIC.

The following, from a customer, shows the demand which this great medicine has created wherever it has been introduced: ...

VESSELS COMING.—The following vessels are now on their way up from the lower lakes, and may be expected here within the ensuing three days:—Mechanic, Minnesota, Portland, McBride, F. C. Clark, Flora, and Cassandra. Also the propellers Saginaw, Buckeye State, Illinois and Forest City. The latter left Detroit on Tuesday morning, and may be expected here to-morrow morning.

THE GRAND RIVER FLEET.—A gentleman from Grand Haven informs us that about forty lumber vessels cleared from that port for this city on Monday night and Tuesday morning. Those that left first arrived here on Tuesday night, but the adverse winds following drove them back. The change, yesterday afternoon, in the wind, brought them mostly into port we believe and our lumber dealers now have active occupation in receiving and tallying cargoes.

☞ We call the attention of families and country merchants, to the advertisement of Bradford & Woodward's Auction sale of Crockery and Glass Ware advertised in another column.

EXCURSION.—Yesterday afternoon, the Pile Driver used on Walker's Pier, while coming around the end of the South Pier of the Harbor, got away and drifted off to the south east before a strong gale, with one man on board. It was soon out of sight, but the Tug Kossuth was dispatched for it, and before night it was recovered.

THE ILLINOIS CENTRAL.—As the injunction on the works of this Road at the South Pier has been removed, they are now again under full headway and the piles have already been driven twenty five feet beyond Walker & Co.'s front. The material had accumulated during the injunction, and the work will now proceed more rapidly than it did before the interruption, especially as the damming up so much energy will not weaken it.

BE! BRICKMAKERS.—Why is not all that excellent clay now being dredged out of the River, just above the Clark street Bridge, taken to a Brickyard? Why let wooden buildings go up when brick can be made on the spot and in indefinite quantities. Loads of this clay are daily being dumped into the Lake.

COMMERCIAL.

... same state of facts as to the gold brought from California, the figures show a contrary result.

SUPPLY OF MONEY.—In the last half century, says the Cincinnati Record, we have materials to ascertain very nearly the proportion of money to the people, at different periods. The following table will show the proportion at five different eras:

	Active circulat's.	Populat'n.	Amount per head.
1811	45,000,000	7,500,000	$6 00
1816	85,000,000	8,000,000	11 00
1830	70,000,000	12,866,920	5 00
1836	148,000,000	15,366,900	11 00
1853	395,407,357	25,000,000	19 00

It will be observed from this statement, that the amount of money in activity is in rather larger proportion, than in 1816, and in 1836.— As those were periods of unnatural inflation, followed by periods of extraordinary depression, it is natural to fear such consequences now.— But, inflation and depression do not depend upon the amount of money, as much as the general extension of credits among individuals, and whether commerce is confined to the natural supply and demand of the country, or whether it is largely composed of speculative contracts. In answering these questions, we may observe, that in the largest staples of the country, corn, wheat and cotton there is really no sign of speculation. Prices in these articles are nearly the average of several years past. But, to confine ourselves to the only object of this article, the currency, we must remark a real and great change, which has gone on, in the relations of Paper and Coin. The following table will exhibit this exactly:

1816	$87,500,000	$7,500,000	11½ to 1
1830	60,000,000	10,000,000	6 to 1
1836	120,000,000	28,000,000	4½ to 1
1853	153,958,358	141,498,899	1 1-10 to 1

This table shows a very remarkable result, that the proportion of coin to paper in active circulation has increased tenfold since 1846, and fourfold since 1836, and we may add has more than doubled in the last three years. A dollar in coin was accompanied by four dollars of paper in 1836, and now each dollar of paper is accompanied by one in coin. In 1816, there was in the country, but a little more than half enough coin to redeem the paper money, viz: $73,000,000 to $120,000,000. In 1853, there is coin enough in the country to redeem every dollar of paper, and leave fifty-one millions surplus, viz: $304,000,000 coin to $153,000,000 paper.

It is obvious, then, that there is no inflation of paper currency, and if an unnatural inflation comes, it must be the result of speculation in trade, and not of an expanded currency, unless we suppose that gold may be itself too much expanded. There may be insolvent bankers and corporations. There are some such in all periods, but they will not be the result of an expanded currency.

NEW YORK AND ERIE RAILWAY.—The earnings of this road for March were larger than our estimate of last week. Compared with the same month of 1852, they were as follows:

Earnings, March, 1853	$371,479 81
Earnings, March, 1852	251,170 61
Increase, 47 per cent	$120,329 23
The aggregate earnings of January, February and March have been	$984,219
1852	624,481
Increase, 57 per cent	$359,738

104 RANDOLPH ST.

E. H. WINHOLT, PRACTICAL UPHOLSTERER.

WISTAR'S Balsam of Wild Cherry,

The Great Remedy for Consumption, And the Best Medicine Known to Man

For Asthma of every stage, Liver Complaints, Bronchitis, Influenza, Coughs, Colds, Bleeding at the Lungs, Shortness of Breath, Pains and Weakness in the Side, Breast, &c., and all other diseases of the Pulmonary Organs.

DISEASED LIVER.

In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances, when patients had endured long and severe suffering from the disease, without receiving the least benefit from various remedies, and when Mercury has been resorted to in vain, the use of this Balsam has restored the Liver to a healthy action; and in many instances effected permanent cures after every known remedy had failed to produce this desired effect.

Besides its astonishing efficacy in the diseases above mentioned, we also find it a very effectual remedy in Asthma, a complaint in which it has been very extensively used, with decided success, even in cases of years' standing.
